## *The Return of the Doctor's House Call*

We visit you in the privacy and comfort of your home.

Hearing loss can lead to depression and isolation making everyday living and functioning unnecessarily challenging.

When you think concierge, you envision and expect exceptional services. Our compassionate team of Master, Doctorate level Audiologists and Hearing Instrument Specialists are dedicated to providing you with comprehensive hearing evaluations, treatment and services.

We have the time and patience to explain and educate you and your family on the choices available. Digital hearing aid technology and hearing impairments are not all the same; we provide a variety of services solutions to be sure that you receive optimal hearing at an optimal value.

## *We help you to maintain your competitive edge.*

You've worked hard throughout your life and career to gain the respect you deserve. With cutting edge technology, we help you stay ahead; competitive and sharp, hearing and understanding every single word.

Meet the Audiology Concierge Team We work together and collaborate to provide exceptional hearing care, whether it's helping you stay connected at work or hear the voices of your loved ones.

## *Hear Well, Live Boldly, Age Gracefully*

Keen senses allow you to continue to be self-sufficient. It's about your health and personal well-being; staying connected, being social, keeping active.

"At 94, I'm thrilled to be living independently, thanks to Audiology Concierge. I never worry about getting to an audiologist because Nancy and Rene's team come to me. They even set up my phone and TV to connect wirelessly to my hearing aids, making my life so much easier."
